Turn your key, sir! Faster!

Classic arcade games suggest hand-eye-coordination and twitchy, cat-like reflexes. But **Pippin Barr's** new ports of Pong, Breakout and Missile Command require you to play **As Slow As Possible**. The games run at a slow pace, and proving your patience unlocks even-slower game modes.

> Slow down.

Pong requires only extraordinary patience. Missile Command, though, is *very* difficult in slow motion.

Pippin also just posted **a collection of game ideas** that never came to fruition (and perhaps were not intended to be made, though **ditching idea debt is a worthy undertaking in itself**.)
